

The Future Frontiers Programme

Discover

Through personalized activities, coaches explore the careers best matched to their pupils' aspirations, and find out what they could be great at.

Connect

Now focused on their top career choices, pupils are connected to inspiring professionals in their chosen industry via Skype, bringing the career to life.

Workshops & Graduation

Pupils are held accountable to how they will achieve their academic benchmarks. Pupils will review and celebrate their progress with their coach.

Explore

Pupils work with their coach to gain critical knowledge on their top careers. They explore the different entry routes, develop sector knowledge and build a practical understanding of each career.

Achieve

Pupils make a clear plan that sets out the academic route to achieving their top career choice. They develop a clear set of academic benchmarks for each year.
